Rank in class		9
Total score	12	11.5
Adjustments		
Late penalty (if applicable)		0
Other adjustments		0
Overall mark for Assignment 2	25	23.6

Personal feedback

very insightful analysis, their hyperparameter tuning caused overfitting from table 3
Very clear and accessible description of all that has been done, a postgraduate student can pick up the report and read with no difficulty. section headers number and font confusion
